MISSION

Mission-Impassioned

Building a Global Family
Through Love.

Our mission is to bring light
to the darkest places and to
touch lives and transform
nations with love as a
Kingdom Family Movement.

PERSONAL THANK YOU FROM LEIF, JENNIFER & THE GMA TEAM

Dear GMA Family,

Thank you for your partnership and investment in what God is doing through Global Mission Awareness. In a year met with many challenges, we are blessed to have an amazing kingdom family in the nations who are burning brightly without burning out. Thank you for lifting us in prayer and sowing financial seeds into our ministry that have enabled us to soar higher and faster than we ever imagined. We have been experiencing incredible favor and open doors to disciple closed nations.

For over 26 years, I've been praying, giving, and going to visit the Islamic Republic of Pakistan. We have entered an abundant harvest season, with open doors to closed nations, and unprecedented favor to represent a God who looks like Jesus. I have been able to influence high-level leaders, scholars, government officials, ambassadors, as an Ambassador of Love. This is just the beginning, as this influence continues to increase, I am invited to share the message of love, peace, and harmony and build bridges with top leaders in countries like Afghanistan, Iraq, Iran, and Uzbekistan, Kazakhstan, Kurdistan, Morocco, Egypt, Turkey, and Lebanon.

On my recent trip visiting the Islamic Republic of Pakistan, a guest at the Interfaith Peace and Harmony Conference asked, *"I see that everyone is calling you an ambassador, but what country do you represent?"* Before I could respond, the Grand Imam of the Badshahi Mosque, Mulauna interjected and said, *"these ambassadors represent countries, but Leif Hetland is the ambassador of love for the entire world."*

Our Kingdom family in the Philippines, Indonesia, and Thailand experienced financial hardship without access to work due to covid outbreaks, so we sent money and food packages to bless them.

In Cuba, it was a hard year politically and economically and we provided two months' worth of food for fifteen pastors' families and their neighborhoods and they were able to share the Gospel of Jesus. They are still experiencing revival fire in Cuba and it's spreading today.

I also began pursuing my Doctorate in Ministry through Global Awakening's Theological Seminary and look forward to discovering how to help Chair 2 believers stay in Chair 1 and impact the world from the sonship paradigm.

We are thankful for your financial support, as well as your friendship and kingdom family relationship. Jennifer, the GMA team, and Leif are honored to be able to partner with you in this season and watch as the Lord does above and beyond what we could've ever imagined.

John 12:32 says, "And I, when I am lifted up from the earth, will draw all people to myself." We are focusing on lifting up Jesus and He is faithful to draw people to Himself.

Much Love,

Leif Hetland

President, Global Mission Awareness

DISCIPLING NATIONS INITIATIVE

Australia, Belgium, Brazil, Cambodia, Canada, Chile, Colombia, Cuba, Indonesia, Malaysia, Mozambique, Netherlands, New Zealand, Nigeria, Norway, Pakistan, Philippines, Singapore, Switzerland, Thailand, United Kingdom, and the United States.

PROJECT HIGHLIGHT - LIGHTHOUSES OF LOVE MOVEMENT + APOSTOLIC RESOURCE CENTER IN CUBA

I first partnered with Yasser and Aki in 2001 on one of my trips to Cuba. **20 years ago they received the baptism of love and began seeing their country from God's perspective.** Cuba is a communist nation that has the ability to impact Russia, Iran, China, North Korea, and Saudi Arabia by training, equipping, and sending missionaries to those nations. Yasser and Aki's ministry is thriving and experiencing revival even in the midst of these unprecedented times. When the church had to close its doors due to the COVID-19 pandemic, they saw an explosion of house churches in their movement. They now have 30 house churches from all over Cuba under their ministry! At the beginning of the pandemic shutdown, the church community was able to provide masks and an attached letter from Jesus to their neighbors in Havana to tell each individual how much they are loved.

This year, Cuba experienced unrest, riots, limited resources, and another country-wide COVID-19 shutdown. **They are able to meet together in the church now and are experiencing a great outpouring of healings, freedom, and the fire of God.**

This year, we committed to a Lighthouses of Love Initiative to take care of 15 pastors and their families during a season of hardship, as well as giving them more than enough to bless their neighbors in need.

PROJECT HIGHLIGHT - TURNING ON THE LIGHT IN PAKISTAN AND AFGHANISTAN

We are working in Pakistan to turn on the light to reach the 212,669,000 who live in the Islamic Republic of Pakistan. We are experiencing a covert revival that is impacting the lives of millions of people around the world. **The message of peace, love, and harmony is permeating the hearts and minds of leaders across many spheres of influence, affecting streams of Islam and other faiths, representatives from the Vatican, and national and political leaders like the President of Pakistan, ambassadors from the European Union.**

This year, GMA-Pakistan and Dr. Marqus Fida, graduated 198 pastors from the Pakistan Theological Seminary. They are sending missionaries to the darkest places on earth to share the good news of Jesus Christ. Their Christian music college is developing worship leaders, musicians, and music teachers in excellence to share their gifts in love and the message of Jesus to many longing hearts. **In 2021, Global Mission Awareness was able to provide 4,500 kilograms of food to Afghan refugees in Pakistan. We also shared the kindness of Jesus by feeding over 1,000 poor Muslim families during the month of Ramadan. We hosted a persecuted church leadership conference and fed 400 Christian families facing hardships.** In Pakistan's caste system, the Christians are the poorest of the poor in their social system. We washed their feet and gave them \$100 each, which is an average 8-month salary. A TV station broadcasted to over 90 nations as I spoke about *Jesus, the Prince of Peace*, and *The Language of Love*. One imam's wife who suffered from bipolar and depression for years was completely healed and experienced a baptism of love. The Grand Imam visited the Hetland family in Atlanta, which led to the Grand Imam inviting Leif as the Chief Honorary Guest in Pakistan for the International Peace and Harmony Conference.

PROJECT HIGHLIGHT - TURNING ON THE LIGHT IN PAKISTAN AND AFGHANISTAN

On my most recent trip to Pakistan, I reconnected with many strategic religious and government leaders, met new leaders, and was able to share the love of Jesus. I received an International Peace Award from the President of Pakistan and experienced exceptional hospitality. At one meeting, he received words of knowledge, and **every Muslim received prayer in Jesus' name and was healed.** I met with leaders representing more than 54 unreached people groups and ministered to Afghan refugees who recently relocated to Pakistan. I was presented with the International Peace Award by the President of Pakistan, Dr. Arif Alvi. I shared about peace and unity at the International Peace and Harmony Conference, **450 leaders were in attendance and it was streamed internationally and reached around 80 million people.**

For over 22 years, I have dreamed of meeting the Pashtun people. On this trip, I was able to visit Peshawar and share a meal with the Pashtun clergy. We visited the border of Afghanistan and a sea of malnourished refugees faced armed soldiers desperately trying to enter Pakistan. In the next six months, millions of these children, women, and elderly people will likely starve if something isn't done. This year, with the help of our partners, we were able to provide 4,500 kilograms of food and medicine to these displaced people and share the love of Jesus as a part of The Loving Afghans on Purpose initiative.

PROJECT HIGHLIGHT - TURNING ON THE LIGHT IN PAKISTAN AND AFGHANISTAN

There are 4.5 million bonded laborers in Pakistan who are forced to work making bricks in kilns. The majority of laborers are children who are deprived of basic human rights and are trapped in systemic poverty for generations because a family member needed a small loan at an exorbitant interest rate. When laborers try to break free from this system, they are commonly accused of crimes and imprisoned or met with violence. **This year, GMA purchased two families, which included fourteen people, out of modern-day brick kiln slavery.**

GMA sponsored an Islamic girls' school in partnership with Sufi leaders to educate around 100 girls. After a successful first year, we will be expanding this school model around the region. **GMA-Pakistan graduated 198 pastors from the Pakistan Theological Seminary.** It is a dangerous and challenging assignment to visit the least-reached people groups who often live in remote villages, so we equipped our ministers with upgraded methods of transportation, so they can focus on bringing the light to the darkest places and raise up missionaries that carry the Father's heart. **We gave GMA-Pakistan a new Honda Civic and provided nine motorcycles to pastors and evangelists, in partnership with Missionary Ventures International.**

We also partnered with 7-Star TV to throw the 25th annual birthday party for Jesus and invited top interfaith leaders, members from the persecuted church, the poor, and Bollywood celebrities.

PROJECT HIGHLIGHT -

THE BLUEPRINT FOR KINGDOM IDENTITY MASTERCLASS

GMA wants to raise up 10,000 ambassadors of love in the next 10 years. We plan to accomplish this through online programs like the Blueprint for Kingdom Identity Masterclass. We held our first 12-week course and graduated over 200 students who know who they are and whose they are. These students are learning how to represent a God who looks just like Jesus in their spheres of influence.

“To be honest, this course is so much more than I thought it would be. I really did not have any expectations about what would happen, which is a good thing so I went into this experience with a clean slate on my whiteboard. I have been participating in other coaching-type programs around this subject. One of them I just finished before I started this one, so I have a pretty good feel of how this one compares to what is out there. For me the flow is awesome. I really look forward to starting on Monday with a new topic of focus and a whole new series of teaching. I love the interview that Kayleigh does with Papa Leif. That really pulls out a lot of good revelation which is clearly deep inside of the man. Then come Wednesday, I am ready for the coaching call and my favorite part, the breakout sessions! I have been able to make each coaching call as I wanted to be on that live and not just watch the recording. For me, that experience has been priceless.”
